

CAM Transition Update

April 19, 2023

Responses to the RFQ were due by 12:00 pm on Monday, April 17. Below are the responses we received:

➤ **City of Detroit**

The City of Detroit applied, with Wayne Metro Community Action Agency, for all four service lines in the RFQ (CAM Lead Agency, Call-Center Access, In-Person Access, and Back Office). In the City's application, Wayne Metro would implement the Call Center Access, and the City would implement the other services (CAM Lead, In-Person Access, and Back Office). As an "all-in-one" application, the City also selected the option to not allow substitutions for any of the four components.

➤ **Homeless Action Network of Detroit**

HAND applied for the CAM Lead Agency services.

The next step is for these applications to be reviewed by the review committee. The review committee is meeting on *Thursday, April 20, 2023* to kick off the review process. Additional updates on the review process will come to the **CAM Transition Team** in the coming weeks.
